AUDIO, VISUAL, LIGHTING AND AUTOMATION FOR YOUR BUSINESS

CSA
CIPTA SWARA ANUGRAH

OVERVIEW

Cipta Swara Anugrah

was established 30 years ago as a distributor in Indonesia for many well-known brands in the commercial audio sector. We decided to expand and branched off into system integration.

Our main expertise lies in design, system integration, installation, lighting, configuration and audio system tuning. In the hospitality and F&B industry, our experience is unrivalled as we have installed audio and projector installations in the largest cinemas in Indonesia. We have also covered hundreds of installations in small to large venues; from houses of worship to offices and restaurants, and even beach clubs.

Most of the hospitality, F&B and retail businesses are supported by interiors and utilities that support our clients' businesses.

We are the expert in the field of Audio Visual integration. We know how to design and maximize budgets with efficient work.

We pay attention to detail and pride ourselves on perfect execution. We aim to provide you with the best experience working with us while your projects are realized successfully on time.

SYSTEM INTEGRATOR - AUDIO VISUAL

AS SYSTEM INTEGRATOR, WE DESIGN,
INSTALL AND MANAGE YOUR AUDIO
VISUAL SOLUTIONS. WE ENSURE THAT
NEW AV TECHNOLOGIES ARE
INTEGRATED FOR MAXIMUM EFFICIENCY
AND PRODUCTIVITY, AND THAT
EVERYTHING RUNS SMOOTHLY

As a System Integrator

We build audio visual and lighting systems for clients. On top of that, we can provide air conditioning, food and beverage systems. We combine software, hardware and other products as an integrated solution.

By relying on CSA to integrate different subsystems into one integrated package, our clients no longer need to invest in each subsystem individually and deal with multiple vendors.

We will review your business needs and budget so as to design an optimal system solution for your business.

OUR STRENGTHS

EXPERIENCED We have completed many projects with satisfactory results.

NEWEST TECHNOLOGY We provide the latest innovative products in the Audio Visual industry.

CUSTOMER SERVICE We have many positive testimonials to share with you.

CUSTOMIZED SOLUTION There is no one-size-fits-all for us. We develop solutions based on your specific needs and budget

DESIGN We provide design services for all your needs, which are budget-friendly and able to overcome challenges in the field.

SUPPORT We provide ongoing support to ensure that system integration works smoothly
