ABOUT CSA

Cipta Swara Anugrah

Cipta Swara Anugrah was established 30 years ago as a distributor in Indonesia for many well-known brands in the commercial audio sector. We decided to expand and branched off into system integration.

Our main expertise lies in design, system integration, installation, lighting, configuration and audio system tuning. In the hospitality and F&B industry, our experience is unrivalled as we have installed audio and projector installations in the largest cinemas in Indonesia. We have also covered hundreds of installations in small to large venues; from houses of worship to offices and restaurants, and even beach clubs.

Most of the hospitality, F&B and retail businesses are supported by interiors and utilities that support our clients' businesses. We are the expert in the field of Audio Visual integration. We know how to design and maximize budgets with efficient work. We pay attention to detail and pride ourselves on perfect execution. We aim to provide you with the best experience working with us while your projects are realized successfully on time.

The evolution of our business has always been driven by what our clients need next. As integrated AV and lighting systems became more sophisticated and as our projects expanded into remote resorts, island venues, and large-scale outdoor installations across the archipelago clients increasingly asked us to address the energy layer as well. A premium sound system or a precisely tuned lighting environment loses all its value the moment power becomes unstable or unavailable. Advances in battery storage technology, combined with Indonesia's geographic reality as a nation of islands with uneven grid coverage, made the case clear. Energy storage is now a natural extension of what CSA has always done: designing complete, reliable environments where everything works together seamlessly.

WHY CSA?

WE DESIGN, INTEGRATE AND
MANAGE INTELLIGENT AUDIO
VISUAL SOLUTIONS THAT
MAXIMIZE EFFICIENCY,
ENHANCE PRODUCTIVITY, AND
ENSURE EVERY SYSTEM
PERFORMS SEAMLESSLY.

Integrated Solutions for Your Business

CSA simplifies complex projects by integrating multiple systems under one trusted partner, reducing the need to coordinate multiple vendors while ensuring seamless performance across every installation.

Every project begins with a thorough understanding of your operational requirements and budget, enabling us to deliver reliable, scalable and cost-effective solutions tailored to your business.

OUR SOLUTIONS

AUDIO SYSTEMS

Professional and installation audio.

VISUAL SYSTEMS

LED display, projection, and digital signage.

LIGHTING SYSTEMS

Architectural, entertainment, and intelligent lighting.

CONTROL & AUTOMATION

Centralized control for audio visual lighting.

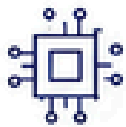

OUR STRENGTHS

30 YEARS OF EXPERIENCE

Delivering trusted AV system integration projects across Indonesia.

CUTTING-EDGE TECHNOLOGY

Leveraging world-class technologies from leading global brands.

TAILORED SOLUTIONS

Every solution is designed around your business objectives, operational needs and budget.

ENGINEERING & DESIGN

Creating efficient, scalable and future-ready systems.

PROFESSIONAL INSTALLATION

Executed by experienced engineers with attention to quality and detail.

AFTER-SALES SUPPORT

Providing long-term maintenance, technical assistance and system optimization.
